1910 Los Angeles International Aviation Meet Memorial Committee
California State University, Dominguez Hills
1000 East Victoria Street, LIB 5734
Carson, CA 90747

Dear Committee:

As President of California State University, Dominguez Hills, I offer full support to the 1910 Los Angeles Aviation Meet Memorial Committee to create a full length documentary commemorating the 1910 Los Angeles International Air Meet. The meet was a significant event in the history of southern California and occurred immediately adjacent to our campus. The campus has an archive dedicated to the event and the documentary will further inform the public of its historic importance.

Please provide the 1910 Los Angeles Aviation Meet Memorial Committee every consideration as they continue to acquire photographs, interviews, and other materials in preparation for production.

Sincerely,
